CONCURRENT IDS SUBMISSION

Submitted concurrently herewith is an Information Disclosure Statement with Form(s) PTO/SB/08A or Form(s) PTO-1449. Applicant respectfully requests the Examiner to return an initialed copy of the Form(s) to indicate consideration of the information listed thereon.

CROSS-REF. TO RELATED APPLICATIONS - UPDATED

Responsive to the objection within the section numbered "3" on page 2 of the Office Action, Applicant's Cross-Ref. To Related Applications section has been updated. Reconsideration and withdrawal of such objection are respectfully requested.

NON-STATUTORY DBL PAT. REJECT. - TERMINAL DISCLAIMER FILED

The obviousness-type double patenting rejection of claims 1-20 as set forth within the sections "6-7" beginning on page 4 of the "Detailed Action" of the Office Action, is respectfully traversed. However, in order to travel a path of least resistance to obtaining a patent for the present application, submitted herewith is an executed Terminal Disclaimer to overcome the non-statutory double patenting rejection. As a result of the foregoing, reconsideration and withdrawal of the double patenting rejection of the subject claims are respectfully requested. The above statements, or the filing of any Terminal Disclaimer, should not be taken as an

indication or admission that the rejection was valid, but is merely use of a procedural approach to obtain a patent (without prejudice or disclaimer) as quickly as possible given that the present application's patent may have coextensive term anyways as measured from the same original filing date, regardless of the Terminal Disclaimer. Further discussions/arguments concerning such rejection(s), claims and/or reference are left for the future if/when appropriate.

As a final point, it is respectfully submitted as a reminder that, if new art is now cited against any of Applicant's unamended claims, then it would not be proper to make a next action final.

ALL CLAIMS IN CONDITION FOR ALLOWANCE

In view of the fact that all objections have been overcome, and in view of the Terminal Disclaimer filed to obviate any double-patenting rejection, it is respectfully submitted that all presently pending claims are now in condition for allowance. A Notice of Allowance with respect to the present application is respectfully requested.

RESERVATION OF RIGHTS

It is respectfully submitted that any and all claim amendments and/or cancellations submitted within this paper and throughout prosecution of the present application are without prejudice or disclaimer. That is, any above statements, or any present amendment or cancellation of claims (all made without prejudice or disclaimer), should not be taken as an indication or admission that any objection/rejection was valid, or as a disclaimer of any scope or subject matter. Applicant respectfully reserves all rights to file subsequent related application(s)

(including reissue applications) directed to any/all previously claimed limitations/features which have been subsequently amended or cancelled, or to any/all limitations/features not yet claimed, *i.e.*, Applicant continues (indefinitely) to maintain no intention or desire to dedicate or surrender any limitations/features of subject matter of the present application to the public.
